Highlights

Superior shielding

Superior shielding maximises data transfer by guarding against external radio frequency noise.

Meets TIA/EIA-568 specs

Meets required standard for data transmission.

Snagless boot

The snagless boot prevents the cable from being accidentally disconnected by protecting the disconnect tab.

Corrosion-resistant connectors

Compressed brass with 24K gold-electroplated connectors creates a secure and extremely durable connection that optimises signal quality and delivers the best picture and data transfer.

Moulded plug

Moulded plugs ensure secure connections between components and offer extended durability.

Flexible PVC Jacket

Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Orange

Orange colour differentiates this cable from others, providing easy identification at a glance.

Moulded ends

Moulded ends prevent fraying and extend the life of your cable.
